PROMOTIONAL  
TECHNOLOGY

Technology is all around us!  
Let us introduce the latest  
trends in technology...

## WIRELESS CHARGING

Wireless Chargers enable you **to charge your device wirelessly**. The latest trend is Fast Charging, which features a higher output and higher charging speed. All our wireless charging gadgets are Qi-enabled and entail the Qi-quality standard for Wireless Charging.

## PD

Power Delivery Charging (USB-PD) can charge your device **up to 70% faster** than most standard models and is the ultimate technology to give your device a quick charging boost.

## BT 5.0

**Bluetooth 5.0** is Bluetooth as we know it, however this version delivers an even better, faster and more efficient connection between two devices.

## TWS

TWS is a unique Bluetooth feature that will let you enjoy **True Wireless Stereo** sound quality by pairing two speakers or earbuds to each other, without the use of cables or wires.

## USB-C

USB Type-C is **the new standard** used on almost all newly released devices and gradually replaces the older USB types. One size fits all!

## ANC

**ANC means Active Noise Cancellation.** Ideal when on the road or in crowded rooms, while it reduces surrounding noises without the need to turn up the music volume on your headphone. It even cancels any disturbance when you are not listening to music.

# 19-1

FEEL FREE AND USE PROMOTIONAL  
GADGETS AS PART OF YOUR MARKETING  
STRATEGY.

The world around us is changing. We seem to be consumed by all the obligations that tech brings, but this is not necessarily true... With the latest developments in technology and our newest promotional gadgets, you experience more freedom and mobility than ever before. **Think wireless!**

Pair two speakers to experience True Wireless Stereo sound and use Bluetooth 5.0 for an even better, faster and more efficient connection. Recharge your Solar Powerbank sustainably via sun rays or use a Fast Wireless Charger to charge your smartphone as quickly as possible, wherever you are. Embrace the mega power that PD brings - with a Type-C connector of course, which will be suitable for any device in the near future. In the meantime, you retreat into your own bubble with the Active Noise Cancelling technology in our headphones.

FEEL FREE to give your brand the biggest boost possible!

This is our definition of freedom...

Meet our A-list brands to provide you with luxurious corporate gifts, loyalty rewards and incentives that can promote your brand via great printing options. We are proud to present three new collaborations! Let us introduce House of Marley, Fresh 'n Rebel and TCL...

TCL

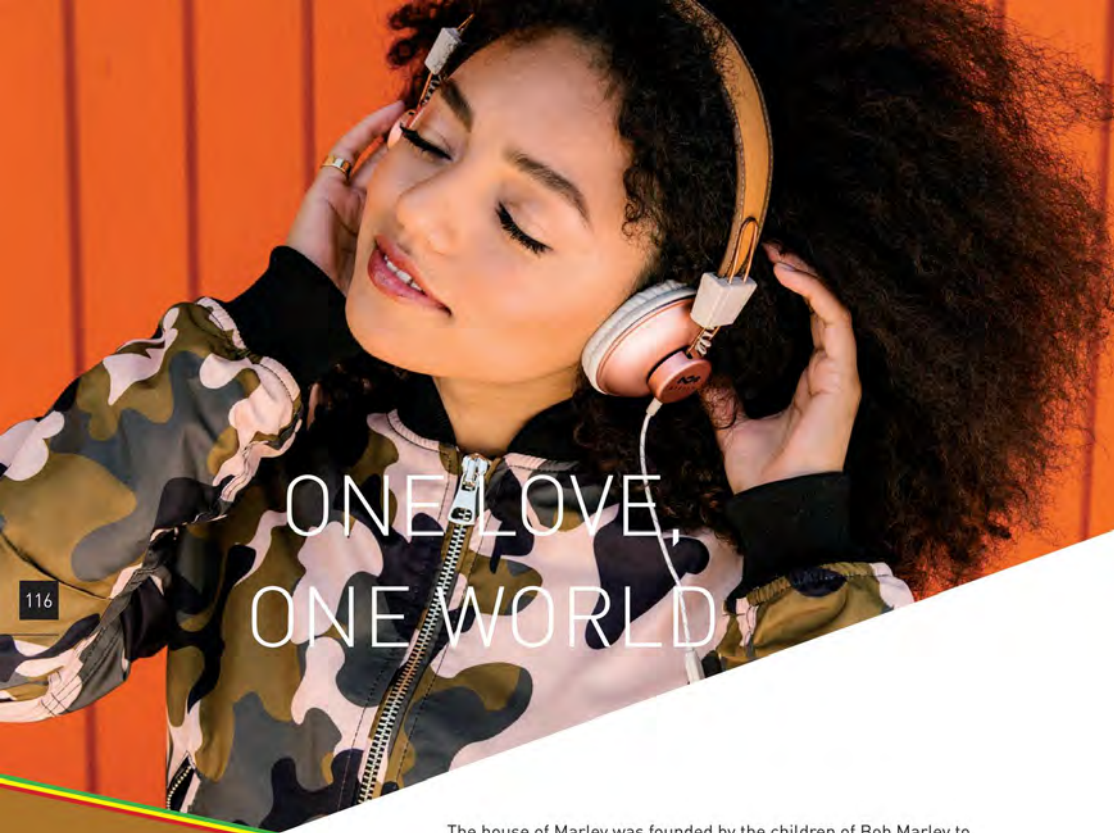

DENVER  
ELECTRONICS

Lenco

ONE LOVE,  
ONE WORLD

The house of Marley was founded by the children of Bob Marley to incorporate the ideas of their father Bob 'One Love, One World' into music products. House of Marley is built on the principles of superior quality, sustainability and commitment to charitable causes. The high-performance audio products are engineered to deliver the Marley "Signature Sound" that pours out all the energy, emotion and detail of every recording, and make sure your logo stays in view in a stylish and subtle way.

## PROJECT MARLEY

House of Marley believes in the importance of trees and the benefits they provide our Mother Earth. Project Marley supports global re-forestry through OneTreePlanet.org. A percentage of all Marley sales is donated to One Tree Planet, so when you purchase a House of Marley product, you help plant one tree. Furthermore, all products are crafted from mindfully sourced materials.
